

Shipping Solution for SYSPRO

Overview

To handle all shipment requirements from product validation to customer-specific labeling with seamless integration to SYSPRO.

The Value of the Shipping Solution for SYSPRO

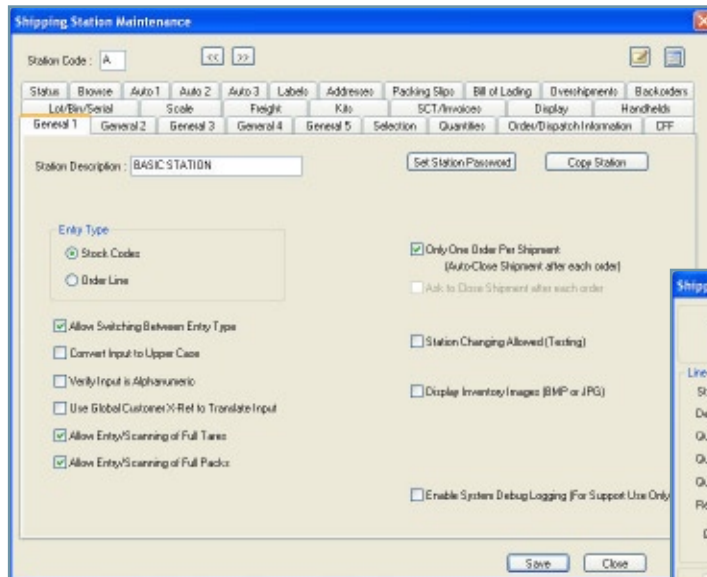

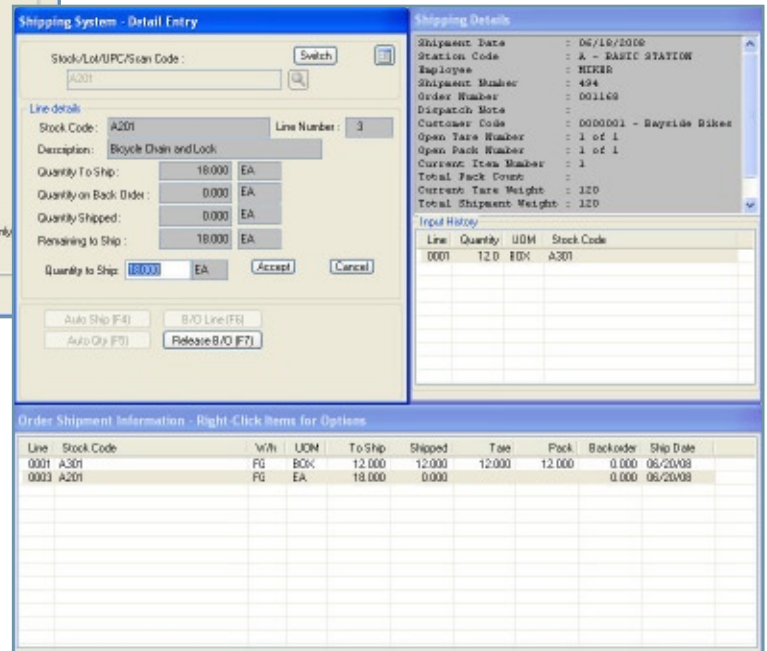

- Facilitate efficient order processing
- Reduces time to invoice by eliminating the handling of shipping documents after the shipment has left the warehouse
- Flexible configuration to meet your requirements
- Choose level of verification or automation
- Print packing slips, bill of lading, and master bill of lading
- Generate FedEx, UPS and DHL domestic tracking labels
- Consolidate orders in to a single shipment

Matching the Shipping Solution to your business

- Print packing slips at multiple levels – for the order, box or pallet
- Produce bill of lading for LTL shipments
- Customer compliance labeling requirements
- Works with sales orders and dispatch notes
- Compute freight charge and cost using the Freight Calculator

Integration

- The Shipping Solution integrates with:
 - SYSPRO Sales Orders
 - FedEx, UPS and DHL
 - EDI for SYSPRO for ASN requirements
 - Freight Calculator for SYSPRO
